

## STAY AWAY FROM SNAKES

### **Remove or reduce snake's hiding places**

(cut grass low, keep shed and office tidy, remove rubbish heaps).

### **Remove snake's primary food source**

rats, mice & insects

### **Never attempt to catch or kill a snake!**

Most snake bites occur when disturbed or attacked. Treat all snakes as poisonous.

# If bitten by any snake, seek medical attention immediately

If a snake is sighted, contact Environment Department on ext 3377/3332 for proper advice.
