Item #	Explanation		
1	Fixed platforms, walkways, stairways and handrails on mobile equipment and vehicles are designed to ensure people safely in accordance with recognised standards.		
2	Isolations preventing movement of the mobile equipment or vehicle are checked and verified before commencing from an elevated position.		
3	Drivers of mobile equipment or vehicles on site are trained, including holding any licence or permit in accordance with local regulations.		
4	People working in an elevated position on mobile equipment or vehicles are trained and assessed for working at heights, including fall protection.		
5	Parking procedures are in place, and followed, for all mobile equipment and vehicles requiring access to an elevated position.		
6	An exclusion zone is established around the mobile equipment or vehicle, including barricades, signage and a safety observer, to prevent third party access.		
7	Drivers of mobile equipment and vehicles requiring access by a person in an elevated position are trained in parking and isolation requirements.		
8	Drivers of mobile equipment and vehicles requiring access by a person in an elevated position are trained in parking and isolation requirements.		
9	Verify any mobile equipment or vehicle, requiring work from an elevated position, is fitted with an anchor point.		
10	Verify parking and isolation procedures are in place for all mobile equipment and vehicles that require access by a person in an elevated position.		
11	Verify that any person required to work in an elevated position on mobile equipment is trained and competent in working at heights.		
12	Park and isolate the mobile equipment or vehicle in accordance with procedures.		
13	Establish an exclusion zone around the mobile equipment or vehicle, including barricades, signs and signage, before accessing the work area.		
14	Work in an elevated position on mobile equipment only if trained in working at heights. Do not proceed if not trained.		
15	Wear fall protection equipment attached to an approved anchor point when working in an unprotected position on mobile equipment or vehicles.
